State Compensatory Education

This District has written policies and procedures to identify the following:

- Students who are at risk of dropping out of school under state criteria
- Students who are at risk of dropping out of school under local criteria
- How students are entered into the SCE program
- How students are exited from the SCE program
- The cost of the regular education program in relation to budget allocations per student and/or instructional staff per student ratio

Total SCE funds allotted to this District _____ \$537,633 _____

Total FTEs funded through SCE at this District _____ 10 _____

The comprehensive, intensive, accelerated instruction program at this district consists of after school tutorials, pull-out small group intervention with HQ teachers, additional staff at every school to reduce pupil:teacher ratio, reading improvement teacher at AES, reading and math acceleration classes at AMS, and summer AYD program for math.

Upon evaluation of the effectiveness of this program the committee finds that additional assistance is needed for at risk students in science, perhaps similar to AYD program for rising freshmen and expansion of AYD program to rising 5th graders.

State Compensatory Education
